The artists emphasized that sense and emotions - not simply reason and order - were equally important means of understanding and experiencing the world. Romanticism celebrated the individual imagination and intuition in the enduring search for individual rights and liberty. Its ideals of the creative, subjective powers of the artist fueled avant-garde movements well into the 20th century.” <i>theartstory.org/movement-romanticism.Founder: Michael Zurakhinsky</i></p>	<p>8:30 – 9:30 am Group B1: Masterclass Host: Christopher Norton Location: Liszt Students will perform own choice of Norton jazz work.
