Preface

Fingerprints from Biggar is the eighth book in an exciting collection of piano solos composed by young musicians who participated in the *Northern Lights* Canadian National Conservatory of Music Summer Sizzle 2018 program.

Each of these eleven works is an original composition written by a young Canadian composer under the age of eighteen. The pieces range in level and include romantic, pop and jazz styles as well as character pieces. These songs are as unique as each student who created them, and they are sure to leave a great impression!
